

THE PRINTER'S HOUR OF PEACE.

Know ye the Printer's hour of Peace?
Know ye an hour more fraught with joy,
Than ever felt the mind of Greece
When kissed by Venus' am'rous boy.
Tis not when round the mazy case,
His nimble fingers kiss the types,
Nor is it when, with lengthened face,
The sturdy devil's tail he grips.
Tis not when news of dreadful note
His columns all with minion fill;
Tis not when brother Printers quote
The effusion of his stump worn quill.
Tis not when in Miss Fancy's glass
Long advertisements meet his eye,
And seem in whisper as they pass
'We'll grace your columns by and by.'

No—reader—no—the Printer's hour,
Is not when by some magic power
His list of Patrons daily grows
But, O, 'tis when the weather's clear,
Or clad in rain, or hail, or vapor,
He hears in accents soft and dear—
'I've come to PAY you for your PAPER.'

TO A LADY'S HAND.—From the Tribune.

LADY! though Sculptor has the power
To charm me with his mimic art,
There is a hand of Nature's mould,
Can thrill the pulses of my heart.
No Venus, shaped by Phidian skill,
Nor Dian with her banded bow,
Nor she, that goddess, wisdom-crowned,
So fair a hand as thine can show.
A palm—'twere Friendship's fitting shrine,
Whereon, with burning lips, to press
Whate'er of joy, or grief, one heart
Would to another heart confess.
A palm by four bright finger spires,
Like pilgrim-haunted cloister crowned,
To which Distress and Woe might come,
And Charity be ever found.
So lily-white! and in the heart
That feeds with life each purple vein,
As far as that white palm appears—
As free as that white palm from stain!
O, Lady! I will judge thee thus,
And pray that thou may'st never press
With that fair hand, from sin's dark grapes,
The blood-red wine of bitterness.

PLANK ROADS.

From a thorough conviction of the adaptation of plank roads to our wants, in the way of this kind of improvement, we have frequently called the attention of our readers to the subject. The following which is taken from the Utica (N. Y.) Herald, is another among the many testimonials that almost daily fall under our observation, of the great success of plank roads wherever they have been resorted to. The great facility with which they can be constructed in this section of the country should commend them to the notice of the public:

Success of Plank Roads.—The people of this section are now reaping the benefit of the plank roads. We have now extending from this city four distinct lines of plank roads—one extending to Bountville, on the north, a distance of thirty-two miles; one to Bridgewater, about twenty miles to the south; and so on to be extended 20 miles further; another to Waterville, twenty miles southwest, and to be extended fifteen miles more to Hamilton; and the fourth extending westward to Rome, sixteen miles, and forming, by junction with others at Rome, an uninterrupted plank road communication with the northern parts of Onondaga and Lewis counties, and Lake Ontario and Salmon river, in Oswego county. There are also several direct and lateral extensions of this line now in progress and in contemplation, which, when completed, will link the extreme southern counties of the State, and open an easy and rapid communication between sections which have hitherto enjoyed but little intercourse with each other. All the plank roads that have been put in operation in this State are doing a prosperous and profitable business. The roads in this section are all reaping a rich harvest of toll. We mentioned a few days ago that the Rome and Oswego road had divided six per cent, on the profits of the last six months. We learn that after paying this large dividend, one-third of the tolls have been invested as a sinking fund, thus making the earnings of the road during the half year about nine per cent on its capital stock. The entire cost of the road was about \$85,000.—Since its construction a very large proportion of the travel reaching Oswego by way of the lake has gone over this route. We notice recently in a Milwaukee, Wisconsin, paper, that the receipts for tolls on the Chicago plank road already amount to one hundred dollars a day, and it is yet completed only about twelve miles.

OSAGE ORANGE.—Mr. L. H. Robinson, of Macomb, McDonough co., Ill., writes us: "Having heard much said in relation to the Osage Orange as a hedge plant, I concluded to examine into the nature and the growth of the plant more fully, and learning that Prof. J. B. Turner, of Jacksonville, had some plants on hand, I visited him last April, at his residence, and examined his plants of different ages, and found them all to be healthy, and not in the least injured by winter; and I have no hesitation in saying that they will answer every purpose for which they are recommended. I feel safe in saying that; so far as my observation goes, the Osage Orange is by far the best hedge plant cultivated in the west."

Dr. Wistar's Balsam of Wild Cherry.

The Great Remedy for Coughs, Colds, Asthma, and all Diseases of the Lungs.

OLD VIRGINIA AGAIN.
Abermarle Co. Va., March 21st, 1847.
Mr. Seth W. Fowler—Dear Sir:—I take pleasure in stating to you my experience in the use of Wistar's Balsam of Wild Cherry. I own a very valuable negro girl, who was attacked with a difficulty of the lungs, which brought her in appearance to the brink of the grave. I consulted some of our best Physicians, who pronounced her incurable, or that they could do no more for her. I tried many remedies but none did her any good. I procured a bottle, which was administered according to directions, and saw she began to mend; and before the first bottle was gone she was up. I procured a second and she took that, and now she is I think, cured, or nearly so. She attends to her daily labor, and I hear no complaint from her.
R. L. JEFFERSON.

Consumptive Patients.—Will please read the following note from the Harrison Gazette.—The incredulous are invited to read the following note from Rev. Mr. Coldron, whose character for truth and veracity is above suspicion, and have their doubts dispelled as to the superiority of Wistar's Balsam of Wild Cherry over all other remedies now before the public of the same character.

Corydon, Ind., Jan. 23, 1848.
It is no less a duty than a pleasure to state, for the benefit of the afflicted, that I consider Wistar's Balsam of Wild Cherry, a great blessing to the human race. Having tried it in a case of severe affection of the lungs, I unhesitatingly recommend it to those similarly afflicted, as the best remedy I have ever tried, and one which cured me when physicians said I must die, and when I thought myself that my time to depart was near at hand.
WM. COLDRON.

CAUTION TO ALL.—The genuine Wistar's Balsam is enveloped in a fine white steel engraved wrapper, with the names of Henry Wistar, M. D., and Sanford & Park thereon. Without both these signatures, it is positively counterfeit. Do not touch it.

Orders for the true medicine may be addressed to H. BLAKESLEY & Co., south-west corner Third and Chesnut streets, St. Louis. It is sold also by

It always cures—Dr. Osgood's Indian Chloagogue.—How astonishing is it—the suffering invalid will use palliative only, with a view to restoration of health, while lingering over weeks and even months, with that distressing, loathsome disease, Fever and Ague, when by the use of a single bottle of the Chloagogue, not only the disease itself, but the cause which produced it, is completely eradicated. It is sold by
Dr. Henderson, Glasgow; N. & A. Johnson, Brunswick.

Clemen's Indian Tonic.
Infallible Cure for CHILLS, or AGUE, and FEVER, and a sure remedy in BILIOUS REMITTENT, and other FEVERS.
THIS INVALUABLE MEDICINE IS PURELY VEGETABLE.

THE unexampled success of this truly unrivalled Tonic, in curing in a few hours, where all other remedies have failed, and that too, in cases from six months to ten years standing—warrants the assertion, that if taking according to directions, it is infallible. A long list of certificates in proof of its infallibility might be added, but those upon the wrapper are deemed sufficient. Try it and be convinced that it is the most pleasant, most certain, and the very BEST remedy ever offered to the public for putting a speedy termination to the great plague of Ague and Fever.

From the great popularity of this medicine, many imitations, professing to be CLEMEN'S INDIAN TONIC, are affixed. Therefore, be sure to ask for that prepared by GEO. W. HOUSE, Nashville, Tennessee, who is sole proprietor. **CERTIFICATES.**

NEAR NASHVILLE, August 18, 1843.
Mr. Geo. W. House: Dear Sir—I had Chills and Fever for a month; nine months of the time, without being able to check it, with all the aid I could procure from Physicians and the various Tonic Fever and Ague mixtures sold by the Drug stores. In April last I saw your advertisement of Clemen's Indian Tonic, as an infallible cure. I made no delay in calling upon you, and by using said Tonic, I found immediate relief, and a permanent cure. A friend of mine tried it about the same time with the same happy result. Yours, respectfully,
C. L. GLASSGOW.

From the *Clarksville Chronicle*, Oct. 21, 1843.
Dr. T. D. Scott: Dear Sir—We have used Clemen's Indian Tonic in many cases of Ague and Fever, and we find it, in every particular, what it is commended to be in your advertisement. We have heretofore used most of the popular remedies in use for Fever and Ague, and we unhesitatingly recommend Clemen's Tonic to the confidence of the public, from our personal experience and observation, as a safe, certain, and prompt cure for the Ague and Fever, in any form or stage of the disease.
Yours, &c.
P. PEACHER,
JAMES J. PRITCHETT,
LEVI COLEMAN.

Extract of a letter from the Rev. F. A. OWEN of Memphis, dated Nov. 16, 1843.
My Dear Sir—I have tried Clemen's Indian Tonic in six different cases, and find it efficacious in a very high degree. It arrested the chill in every instance, and as yet there has been no return. I cheerfully give this testimony, that others may be induced to use a remedy both safe and efficacious in curing chills and fever.
Yours, very truly,
F. A. OWEN.

Mr. Geo. W. House: Dear Sir—I shall make no apology in presenting the following remarkable case: A youth of about fifteen years old, living with me, had the Fever and Ague for ten years, without finding a cure; and I can assure you every means were used to that effect. In December last I tried a bottle of "CLEMEN'S INDIAN TONIC," which arrested the disease at once, and am happy to state, he has not had a chill or a ague since. You should lose no time in giving this Tonic an extensive circulation—it will prove a welcome friend and a great blessing to the afflicted.
Yours, truly,
JOHN H. DAVIS.

The above case is known to me, and is strictly true.

Monthly Bulletin No. 9.
THE position of the Græfenberg Company in its relation to the health of the community is now fully established, and the admirable series of Græfenberg Medicines are everywhere taking the lead of all others. In numerous portions of the country the Medical Faculty adopt these medicines in their practice, satisfied, from ample tests, that by their use they can more certainly combat DIS-EASE, IN ALL ITS FORMS. And not only do Physicians sanction and encourage their use, but the CLERGY, of every denomination, attest their wonderful efficacy; and in numerous ways recommend them to the people of their charge. THE LEGAL PROFESSION testify to the same thing, in short, the public at large hail the introduction of these medicines as a public blessing.

There are over TEN THOUSAND AGENCIES of the Company in the United States, and they are not only profitable to the agents, but of vast benefit to the inhabitants. There should not be a single town, village, or hamlet, without its Græfenberg Depot; and if this Bulletin is read where there is no agency, application should be made for one immediately.

Certificates, almost without number, are on file at the office of the Company, testifying to cures of the most astonishing kind; many of which have been duly examined by the following distinguished gentlemen: Rev. N. Bangs, D. D. Francis Hall Esq., Ex-Mayor Brady, all of New York.

The power of the Græfenberg Medicines over all bilious complaints, no matter what their form or severity, is a matter of profound astonishment. Let all, therefore, who are thus afflicted, and who would cleanse the system, resort at once to the celebrated GRAEFENBERG VEGETABLE PILLS AND HEALTH BITTERS. At all events let them call at some one of the agents and get a pamphlet gratis, which will fully explain the whole matter.

The General Agent for Missouri, and South part Illinois, is E. K. WOODWARD, St. Louis, to whom applications for agencies may be addressed.

COLVERS Patent Concave Beater Churn.

WE call the attention of the public to the article heading this advertisement, and invite the enterprising and curious to call and witness its operation. All advertisement in relation to this invention, to the hundreds who have seen it tested, is supererogation.

First, This Churn will produce butter, gathering it in a mass, from sweet milk, in five to ten minutes, and from cream prepared, as families usually prepare it, in three to five minutes.

Second, The utility of this invention is apparent, as better butter can be produced from sweet milk, or cream, than cream soured in the usual way; and by means of this Churn, a little girl or boy can perform, in five or ten minutes, what has heretofore required the labor of a woman or man for one or two hours, and sometimes half a day.

Third, By simply turning a thumb-screw, the whole inside dasher is taken out, leaving nothing but the butter and milk in the plain wooden box.

Fourth, It is the cheapest Churn ever invented, as the simplicity of its construction (though embodying a great philosophical principle,) makes it but little to manufacture it.

Fifth, It is a common sense Churn,
